

ETAG Action Plan September 2014

INTRODUCTION

About ETAG

ETAG is the umbrella organisation for the Edinburgh tourism sector. Its role is to bring together the wide range of businesses which make up Edinburgh's tourism sector, including transport and accommodation providers, attractions, venues, theatres, shops, bars, restaurants, conferences, events and festivals.

ETAG also plays a unique role in bringing the industry together with the public sector agencies that support key components of the tourism product, such as marketing and infrastructure investment.

Our aim is to build a strong tourism community, providing a network for communications and bringing businesses together to share best practise, collaborate and innovate and in doing so, **improve business performance, enhance the visitor experience and strengthen Edinburgh's position as a world class visitor destination.**

All of our activity is designed to support these key areas and the successful delivery of the Edinburgh 2020 Tourism Strategy, which has 3 main objectives:

- Generate an additional 4.15 million visitor nights per annum;
- Increase visitor spend by £485 million per annum;
- Reduce the seasonal split in visits by achieving 50% of growth in the winter months.

About the Action Plan:

The Action Plan is a key document for ETAG and is closely related to, but independent of, the Edinburgh 2020 Strategy Delivery Report. The Action Plan;

- Is a management and communication tool for ETAG;
- Sets out a "rolling programme" of potential*, proposed*, active and completed projects;
- Is updated by ETAG staff on an ongoing basis & formally reviewed 2 weeks in advance of ETAG Full Group meetings;
- Is posted on the ETAG website 1 week in advance of ETAG Full Group Meetings.

For further information about ETAG, the Action Plan or individual projects, please go to www.etag.org.uk or contact us at admin@etag.org.uk

* It should be noted that as a working document, the Action Plan includes projects which may only be outline concepts or ideas under discussion. Inclusion in the Action Plan does not commit ETAG or any of its partners to project delivery.
